

## Accessing Seesaw on an Xbox or PlayStation

You will need to use the built in internet browser.

On Xbox it is **Microsoft Edge** (the standard browser that comes bundled with Windows).

On PlayStation, it is the **www** browser.

Press the PlayStation logo on the controller.

Go the Library and find options for games and applications.

Go into applications and you will find the **www** browser.

Once the internet browser has opened:

1. Type in <https://app.seesaw.me> in the URL bar.
2. The Seesaw homepage will appear.
3. Select 'I am a Student'.
4. Three options appear - the one you want is the one that says 'TEXT CODE'. Use the code on your login page in your printed Home Learning pack.
5. Click 'GO'.
6. This will log you in to Seesaw and you can use it in the same way that you would use it on a computer, phone or tablet.
