To parent/carer of

You may have heard about the Summer School programme that has been funded by the government for students transitioning from primary to secondary school. We are very excited to be able to offer the summer school to your child.

The purpose of the summer school is to provide students with the opportunity to access additional literacy and numeracy sessions to combat the lost learning due to COVID-19 over the last 18 months. There is an additional aim of the programme which we believe to be equally important. The social skills and mental health of our young people have taken a real hit this year and the summer school will provide an opportunity to have social interaction, team building and work on resilience and respect.

The HLC Summer School will run between **Monday 9th August** and **Friday 13th August** between 9am-2:45pm. During the week, students will have daily literacy and numeracy sessions. They will also access other curriculum subjects, sport, the arts and personal, social and health education. This is a fantastic opportunity to build friendships before the start of school in September.

If you would like your child to participate in Summer School, please complete the reply slip below and return to school shown no later than Friday 25th June. This will allow us to organise our programme of activities and staffing accordingly.

We look forward to hearing from you

Yours sincerely

Magda Farley
