HLC Skills & Qualities – *Building Your Character*

HLC Skills and Qualities ensures that every student at HLC leaves in Y11 with a developed character. These Skills and Qualities are a set of 10 traits that employers have identified as key to being a successful employee.

By identifying and targeting the Skills and Qualities yearned most by employers, we are ensuring that our students are work ready – whether they are moving onto Further Education, Training or Employment.

Through all aspects of the Curriculum and the Personal Development sections that we deliver at HLC, our students build these Skills and Qualities from the moment that our students join us in Year 7 to the day they leave us in Year 11. These skills and qualities are tracked throughout the year to identify good practice in the school, identify areas for continual development and provide students with the evidence base of real examples that they need to be successful in applications for their post 16 provision.

As it has always been said, 'Qualifications will get you the interview, Skills and Qualities will get you the Job'...
